

The History of Modern Palestine

The issue of Palestine has dominated the world of the Middle East for almost the entire last century. Many solutions, ideas, treaties and agreements have attempted to achieve an equitable settlement of the Arab-Jewish dispute regarding the Holy Land. This series reviews the history of these attempts from the time of World War I until the 1970s and deals with the failure to achieve the goal of peace and stability. Anyone desiring to understand the true roots of this ongoing struggle will benefit from knowing the background to today's events.
