

# Doing Good or Doing Better: Development Policies in a Globalizing World (Scientific Council for Government Policy -Wrr Verkenningen)

What drives development? What new issues have arisen due to globalization? And what kind of policies contribute to development in a rapidly changing world? The studies in *Doing Good or Doing Better* analyze the different development strategies employed on various continents, address current challenges, and argue that a new approach different from the European and American models is necessary in a globalizing, interdependent world.
