

Combating Terrorism with Economic Means: Theoretical Framework and Challenges to the OSCE EED

Research paper from the year 2006 in the subject Politics - Miscellaneous, grade: A, OSCE Academy, course: Sustainable Development: economic, social, and environmental aspects, language: English, abstract: This particular paper consists of two parts containing two major questions for consideration. Firstly, while exploring and analyzing possible ways of combating terrorism with economic means in general it is important to consider what is the effectiveness of this method in accomplishing the task. Secondly, while taking into account the OSCE decisions related to the issue, it is aimed to reflect upon expected effectiveness of the OSCE EED in combating terrorism with economic means. Methods of research are limited to text-based analyses of analytical documents and the OSCE decisions related to the topic.
